MISCELLANEOUS.

ASHBURNHAM, MASS., Jan. 15, 1886.

I have been very sick over two years. They all gave me up as past cure. I tried the most skillful physicians, but they did not reach the worse part. The lungs and heart would fill up every night and distress me, and my throat was very bad. I told my children I should never die in peace till I had tried Hop Bitters. When I had taken two bottles they helped me very much indeed. When I had taken two more bottles I was well. There was a lot of sick folks here who have seen how they cured me, and they used them and were cured and feel as thankful as I do that there is so valuable a medicine made. Yours truly, Miss Julia G. Cushing. ASHBURNHAM, MASS., Jan. 15, 1886

REDDING, March 27th.—Henry Martin, an engineer running a construction engine at the front, shot a man yesterday six times. It seems the man had tried to kill Martin on different occasions, and on yesterday morning had gone to Martin's sleeping car to kill him, but Martin and wife were out at breakfast. Martin shot at him three times, he running into a tent, Martin following and shooting him three times is a time.

BENSON, March 27th.—The following account is given by a Willeox stock man of the recent killing of Kemp, better known as "The Kid." at Fort Thomas: "Kemp and others were drunk and trying to run the town, when Sheriff Crawford, of Solomonville, who happened to be in Fort Thomas, and Deputy O'Neill attempted to arrest them. As Crawford was arresting his man, Kemp made an attempt to shoot the Sheriff. D'Neill thereupon shot Kemp twice, inflicting wounds from which he died." following and shooting him three times more while he was lying on a bed badly wounded. The man is still alive but it is almost impossible for him to recover. HE IS A COWBOY.

The Way in Which Holman Managed to Obstruct an Appropriation. The following letter appeared on Saturday

in the San Francisco paper addressed, and very effectively refutes the unjust reflection upon Congressman Morrow in the matter of securing the appropriation for the Postoffice site in that city:

my effort to obtain the appropriation, however directed, was reasonably successful.

Mr. Carr, as reported, explains my imprudence as follows: "Holman is a very shrewd man. When Morrow went before the committee, Holman said: 'Well, when you get the site, what kind of a building will you want?" Morrow inguardedly said: 'Well, we shall expect a first-c ass building one that will cost, when completed, \$5,000,000 or \$6,000,000." That settled it. Holman had heard enough."

Several writhed in agony on the floor of the ro-tunda. The Colonel in his speech of welcome said that no one had been notified to be prepared to respond to any particular toast. It was a fact well established in all history that great fighters never were great speech makers, and that being the case great orators were not to be looked for in the First Artillery Regiment. This being the last time that he should meet the officers of the regiment he desired it to be a time of jolity, a go-as-you-please reunion not soon to be forgotten. He then invited all to partake of the elegant feast that had been prepared for them. The menu was most elaborate, the service of courses extending over two hours and embracing the most toothsome edibles in variety, fruits in and out of season, forign and domestic wines the best of California's vintage and importations from life most toothsome edibles in variety, fruits in and out of season, and out of season, forign and domestic wines the best of California's vintage and importations from life and the moments sped rapidly by in one laughing, rolicking and congenial reunion. As it was getting late and the distance to the city was considerable, the owners of Talleyrand and Dynamite agreed to divide first and second moneys, Blue Nell taking third money and Siwash Chief fourth, and pressed their deep regret at Colonel Shee-han's retiracy. They had always looked upon him as a capable and efficient com-mander, and the present excellent stand-ing of the regiment was largely, if not al-most entirely, due to his untiring efforts in its healf thus closed one of the most successful meetings the Capital Coursing Club ever held, and one more pleasant and favorable in all respects could not be desired.

The horse became frightened and ran through the crowd, tearing a wheel off the buggy of a gentleman by the name of Hooks. The horse ran three or four miles and endeavored to "The Major of the Regiment." Handsomely responded to by Major McKee. In closing, he said we are losing a commander whom we have learned to honor, esteem and love. By his cool, calm and determined demeanor—always kind, ever right—he has won the confidence of every man in the regiment. Colonel Sheehan can rest assured that in retiring he carries with cross the overflow. When about two miles from shore his harness became tangled in a wire fence, and the animal would have drowned, had not a man by the name of Morrison swam his horse out and rescued him. As it turned out neither the carriage assured that in retiring he carries with him the best and earnest wish s of each in-

A couple of military gentlemen who started for the coursing match early in the morning, with what was recommended to them as a three-minute horse, did not arrive on the grounds until the races were nearly over. The horse balked. One led the animal the entire distance from the American river bridge, which is a Long way, and the other says that Neary a red cent will he pay to that livery man, for such a piece of horseflesh.

The Colonel responded, saying that he left the National Guard as he entered it, with the kindlest feelings toward all. He never expected to be an active member again; his resignation had been accepted, and he retired from the service with the rank of Colonel. He should however always have an intersel for the defense, then moved that the prisoners be discharged, but the Court preferred to hear the evidence they had to of-fer, and the defendants introduced testimony to substantiate an alibi in each case. 'SARSFIELD" REMEDIES SARSFIELD'S REMEDY for the Blood and Constipation!
SARSFIELD'S REMEDY for Diphtheria and Pneumonia!
SARSFIELD'S CHRONIC ULCER SALVE!

The people of the Interior will-remember that a few years ago, J. P. SARSFIELD, of Sacramento, became fortunately possessed of certain valuable remedial agents. With these he effected in Sacramento and Central California remarkable cures, and drew the approving attention of many physicians. So wide-spread became the fame of his remedies, that business men were convinced of their entire reliability, and of the truth of the marvels they accomplished. The result has been the formation of a Company to aid him in putting these needs for suffering humanity broadly upon sale. The Company has its Depot at No. 115 EDDY STREET, SAN FRANCISCO, but the medicines can be had of all reputable drangists.

The making of Certificates has related so largely to fraud, that the public has naturally grown suspicious of them. But those here referred to are by such prominent citizens, of such irreproachable character, and the cures are so well known, and the witnesses so easy to reach, that we make the references with-

Catarrhal Dangers.

To be freed from the dangers of sufficeation y and undisturbed; to rise refreshed, head clear brain active and free from pain or ache: to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

I then determined to get the genuine Allcock's Porous Plasters. I applied three, one each over the heart, stomach and liver. For 36 hours I noticed nothing but a slight itching, then my appetite improved and all late agreed with me. The disagreeable sen-

ations I had around my heart disappeared.
I wore these plasters one week and then
renewed them. At the end of three weeks
I found myself entirely cured of dyspepsia and State of California, have been appointed as the time and place for proving the will of said O. F. FREEMAN, deceased, and for hearing the application of HULD-M. FREEMAN for the issuance to her of letters testamentary thereon.

Ladies

Do you want a pure, blooming Complexion? If so, a few applications of Hagan's MAGNOLIA BALM will gratify you to your heart's con-tent. It does away with Sal-lowness, Redness, Pimples, Blotches, and all diseases and imperfections of the skin. It overcomes the flushed appearance of heat, fatigue and excitement. It makes a lady of THIRTY appear but TWEN-TY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.

MISCELLANEOUS.

Take it in Time.

Ayer's Cherry Pectoral is a highly concentrated and powerful medicine. It is an anodyne expectorant, and, if promptly taken, in cases of Coughs, Throat or Lung troubles, soothes and heals the irritated tissues, and quickly allays all tendency to Consumption.

six years ago, I contracted a severe Cold, which settled on my Lungs, and soon developed all the alarming symptoms of Consumption. I had a Cough, Night Sweats, Bleeding Lungs, Pain in my Chest and Sides, and was so completely prostrated, as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, icine, and, after using only three bottles, am now as well and sound as ever.—Rodney Johnson, Springfield, Ill. I have used Ayer's Cherry Pectoral in my family, for Colds and Coughs, with infallible success, and should not dare to be without this medicine through

CATARRH, HAY FEVER, ETC .- A. H. DIXON & SON.

CATARRH, HAY FEVER, CATARRHAL DEAF-NESS. A NEW TREATMENT!-Sufferers from the above diseases are not generally aware that they are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research has revealed this fact, and as a result of this discovery, it is now made easy

to permanently cure this curse of our country by a few simple applications, made once in two weeks, by the patient at home. Opinions of the Press Regarding DIXON'S NEW TREATMENT:

What a Bowmanville Editor Has to Say Regarding Dixon's Catarrh Remedy.

BOWMANVILLE, Canada, Jan. 2, 1883,

To the Editor of the Statesman: DEAR SIR-Perhaps some of your readers are afflicted with that dreadful disease—Catarrh.

If so, I ask permission to say, through the States man, that I have been a subject of Catarrh for the last twenty years, and for the last eight years none can tell the pains I have endured. At times I had a dull, heavy headache, discharges falling into the throat of a thick tend coughing to the throat of a thick tend coughing in the ears, deafness, hacking and coughing to clear the throat, and at times I was almost suffocated. I consulted some of the best physicians of the day, but to no effect. I have tried every kind of patent medicines, washes at sum that I could herr of, but did not receive the least benefit until I tried I IXON'S Catarrh Rewedy. On the 5th of August last I procured the remedy and statted is use immediately and by the use of only three treatments I consider myself permanently cured. Its teneficial action was immediate and the cure speedy. Judging from the effects of this treatment on myself, I am satisfied that Fixon's is the only known treatment for Catarrh which effect a permanent cure. To all who are suffering from Catarrh I must conscientiously say: Give Dixon & Son's Catarrh Remedy a fair trial; it is worth its weight in gold.

its weight in gold.

Note by the Publisher,—The Publisher of the Statesman has had intimate acquaintance with the writer of the above letter, for about thirty years, and can, with scores of others, youch for the correctness of the above statements. We have never known so bad a case of Catarrh as his was, and the use of Dixon's Catarra Remedy has effected a perfect cure, so that no symptoms whatever of the disease remain. We gladiy give space to this letter in the hope that it may be of benefit to some victim of Catarrh.—W. A. JAMES, Editor and Proprietor of The Statesman, Bowmanville, Ont.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon Treatment of Catarrh. Catarrhal Deafness and Hay Fever. Out of 2,000 patients treated during the past six months, fully 90 per cent have been cured. This is none the less startling when it is remembered that not five per ceut. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most etientific men, that these diseases are due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination. This accomplished, the disease practically cured, and the permanency unquestioned, as cures effected by him five years ago are cures still. No one else has ever attempted to cure those diseases in this manner, and no other treatment has ever cured Catarrh, Catarrhal Deafness or Hay Fever. The application of the remedy is simple, and can be done at home, and the present season of the year is the me st favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. Dixon & Son, 305 king street West, Toronto, Canada, and inclose stamp for their treatise describing this new treatment.
